### KPFK SWITCHBOARD

9 AM to 5 PM, Monday - Friday

### Apprenticeship Program

KPFK would like to welcome its ten new apprentices for the California Arts Council Apprenticeship Program pictured below. This is an intensive affirmative action training program and it is designed to bring women and people of color into Pacifica Radio. This is the pilot group to start at KPFK. The program will evolve in three phases with another group of ten apprentices coming into Phase One in approximately four months while the initial group matriculates to succeeding phases. Each phase is approximately four to six months. Information will be provided in our Folio, on-air announcements and community press for each beginning phase of the program. We look forward to great success for this program.

### Fund Drive

As of this writing we are in day one of our summer fund drive. We thank all of you who have pledged during the Summer Fund Drive. A full reporting of our efforts and your contributions will be detailed in our next issue of the Folio.

### Subscriptions Processing

Wonder why it takes so long for premiums and subscriptions processing? If you're one of the subscribers who has asked this question, perhaps this information will put things in perspective. Unlike large magazines, the subscription department at KPFK is staffed by one full time staff person and one half time person, supplemented by volunteers. They service close to 14,000 active subscribers and some 13,000 inactive subscriber accounts. Here is a step by step process and timetable for what happens after you make a pledge during fund drive.

- It takes a few days for bills to go out. (Approx. 5 days.)
- It takes a few days for subscribers to send back their payments. (Approx. 9 days)
- It takes a few days for payments to reach our mailing house in Santa Barbara
- The mailing house deposits the checks, writes up the payment records, and sends batches of payments back to KPFK, once or twice a week
- If you send in your payments right away, the batches of payment records reach KPFK's subscriptions department probably by 3 weeks after the last day of the fund drive
- Volunteers have to date and process the payment records in compliance with postal second class non-profit mailing privilege regulations
- The batches of original payment records are posted on the computer by staff
- There are approx. 2400 pledge payments to post and about 750 mail solicitations payments to post, this takes about 100 staff hours, or 6 to 7 weeks

This is an issue that we will continue to talk about in the next couple of issues in the Folio.

More specifically, KPFK experienced a computer crash in April which required a considerable amount of time spent on re-indexing and re-inputting of data which had already been accomplished. This was a serious problem and delayed many of the premiums, film club cards and Folios which those of you who subscribed in March of this year were promised. We apologize for this delay, but it was a problem beyond our control.

### Birthday

KPFK hits 29 this month on July 26th. Some of you reading this report have been with the station since we've gone on the air in 1959. Fund drives are always an interesting time to hear from some of our long time supporters. KPFK's celebration of its 29th birthday is also a celebration of our relationship with our supporters. So as we mark another year we feel fortunate that we have been able to serve as an important vehicle for information culture. We thank you for your generous endorsements over the year and we look forward to continuing productivity in the future.
